Composition of Revenue

FY14 Governor's Initial Budget Proposal

- ▶ **First time in 5 years, cuts are not proposed or threatened**
- ▶ **State General Fund Revenue assumes:**
 - **Personal Income tax** **\$61.7 billion (62.7%)**
 - **Sales and Use tax** **\$23.3 billion (23.6%)**
 - **Corporation tax** **\$9.1 billion (9.3%)**
 - **Other** **\$4.4 billion (4.4%)**

(Governor's projections are higher than LAO)

FY14 CCC System Budget–Policy Change

- ▶ **More Accountability**
- ▶ **Change the census–based apportionment system to one based on completion rates.** Intent is to phase in over several years.
- ▶ **90 unit cap for state subsidized instruction.** Units beyond the cap would not be state supported, but available at full cost to the student.
 - In VCCCD, in Fall 2012, 800 FTES were generated by students with greater than 90 units.
- ▶ **New FAFSA requirement** –Require all students seeking a BOG Fee Waiver to complete a Free Application for Federal Student Aid (FAFSA).
- ▶ **Adult Ed** –Shift of the remaining adult education program, including \$300 million, from K–12 schools to community colleges, and an additional \$15.7 million from the K–12 apprenticeship program to community college apprenticeship programs.

FY14 CCC System Budget–Revenue

- ▶ First significant funding in 5 years, still \$600 million less than in FY08.
- ▶ Governor supports more local decision making, LAO not so much.
- ▶ **\$196.9 million (3.6%) for increased apportionments to the CCC system**
 - CCC Board of Governors to determine allocation type/amt, i.e COLA, restoration, categorical, etc.
 - \$4.5 million to VCCCD, if allocated by FTES.
- ▶ **\$49.5 million (Energy Efficiency – Prop 39) (restricted) dollars to be used for energy efficiency projects or for instruction in energy related fields.**
 - \$1.1 million to VCCCD, if allocated by FTES, as Gov recommends. LAO recommends project basis.
- ▶ **\$315.7 million for shifting Adult Ed/Apprenticeship from K12 to CCC**
 - ?? To VCCCD

FY14 CCC System Budget–Revenue

- ▶ **\$179 million for deferral buy down (cash flow– no revenue to VCCCD)**
 - This reduces the outstanding deferral from \$801 to \$622 million. Plan to eliminate all deferrals by FY16–17.
- ▶ **\$133.2 million in increased General Fund (Swap – no revenue to VCCCD)**
 - To reflect reduced property tax (RDA) estimates.
- ▶ **\$16.9 million to provide increased access to matriculated students through the use of technology (no revenue to VCCCD)**
 - “virtual college” –centrally run program to benefit all students/districts that choose to participate.

FY14 VCCCD Restricted Revenue

If allocated by FTES. Most likely restricted funds for capital project. If by project, \$ unknown.	

Budget Risks

- ▶ Slightly higher funding drives expectations to unrealistic levels (high demand for dollars)
- ▶ State revenue has more volatility (as more is based on PIT, top 1% pay 40% of revenue)
- ▶ California economic recovery is slow, unemployment just released at 9.8% (2% higher than nation)
- ▶ Local revenue shortfalls
- ▶ Shift in student population–potential declining enrollment due to policy changes:
 - Course repeatability
 - Academic progress for BOGW
 - Limit of state funded units
 - Limit on financial aid
- ▶ Window for avoiding further budget cuts is narrow, solutions for revenue temporary
- ▶ Loss of increased revenue in Governor's proposal
 - CCC received higher proportional share of new money, other budget priorities may jeopardize some of this.

Timeline

- ▶ January – Governor’s proposed budget released (very beginning of process)
- ▶ January through May– Legislative hearings
- ▶ May 14– Governor to release May revise: update revenues, caseload and policy proposals
- ▶ June 15– Constitutional deadline for Legislature to send budget to Governor
- ▶ Sept/Oct– Trailer Bills (frequently much of CCC language/clarification occurs here)
